"I am so proud of the work this amazing young man is doing. I had the pleasure of meeting and working with him 2 years ago when I was asked to speak to the youth about empowerment and living their dreams. Ryan works tirelessly to inspire and improve the circumstances and minds of people. He gave me a new invigoration to use my platform as an actor and influencer. We quickly became family and I am honored to be a part of his movement and life."

~Jazmin Lewis, Actor/Producer

"Enthralling is the word that came to mind as I watched Ryan speak to an auditorium packed with students. There were Hollywood celebs that spoke on the same program, but he was the most engaging speaker by far. Not only did he engage and inform the students, but I looked into the eyes of the adults as he spoke and he had them as well. I couldn't help but wish I could be half the speaker Ryan is. His ability to spit the straight dope without watering it down and yet not leave anyone behind or feeling less than or talk over their heads was a joy to watch. Ryan is an inspiration and will no doubt touch the lives of many with his God given gift. I learned so much from him that day and I look forward to learning more from him as our friendship develops and grows for years to come."
